

# Planning Commission Public Hearing

## DISCUSSION OF THE PROPOSED GREEN BUILDING REQUIREMENTS FOR PRIVATE DEVELOPMENT PROJECTS

The City of Oakland is proposing Green Building requirements for private development, including new residential and non-residential construction, additions, alterations, rehabilitation of historic buildings, and landscape projects.

The proposed Green Building Ordinance would address greenhouse gas emissions, health related to indoor air quality, energy and water efficiency, conservation of material resources, and sustainable site development.

Please join us for the public hearing before the Planning Commission to discuss the Green Building Ordinance for private development.

Meeting Date and Location:

**April 7, 2010**  
**Wednesday at 6:00 PM**

**City Hall,  
Hearing Room 1  
14th St. and Broadway**
