

OAK KNOLL MIXED USE COMMUNITY PLAN PROJECT – SUPPLEMENTAL ENVIRONMENTAL IMPACT REPORT (SEIR)

Table of Contents

	<u>Page</u>
I. INTRODUCTION AND BACKGROUND	
A. Project Sponsor and the Project	I-1
B. Environmental Review Context.....	I-2
Previous Planning and Environmental Review	I-2
CEQA Context.....	I-3
Initial Study Determination	I-7
C. Supplemental EIR.....	I-9
Use and Availability of this SEIR	I-9
Organization of the Draft SEIR.....	I-10
II. SUMMARY	
A. Project Description.....	1
B. Environmental Impacts, Mitigation Measures and Conditions.....	3
C. Alternatives	3
D. Areas of Controversy	4
III. PROJECT DESCRIPTION	
A. Project Location and Site Description	III-1
Project Location	III-1
B. Site Characteristics.....	III-6
Existing General Plan, Redevelopment Plan and Zoning.....	III-6
Existing Site Development and Environment	III-7
Surrounding Land Use and Development	III-8
C. Project Objectives.....	III-10
D. Project Characteristics.....	III-11
Overview	III-11
Project and Other Information Provided Since Publication of the NOP/Initial Study	III-11
Seneca	III-13
Major Project Elements and Principles.....	III-14
Other Project Characteristics	III-17
E. Project Phasing.....	III-21
F. General Plan and Zoning.....	III-23
Proposed General Plan Land Uses and Configuration.....	III-23
Proposed Zoning.....	III-23
G. Sponsor-submitted Applications and Technical Studies	III-25
H. Discretionary Actions and Other Planning Considerations	III-26
Public Agency Approvals Required	III-26

IV. ENVIRONMENTAL SETTING, IMPACTS AND MITIGATION MEASURES

Introduction to the Environmental Analysis IV-1

 Overall Scope of Analysis IV-1

 Overall Approach to Analysis IV-2

 Significance Thresholds IV-4

 Classifications of Impact Significance IV-4

 Comparison of Environmental Impacts IV-5

 Comparison of 1998 EIS/EIR Maximum Capacity Alternative to
 Proposed Project..... IV-5

 Designation of Impacts and Mitigation Measures..... IV-6

 References and Resources..... IV-10

A. Aesthetics IV.A-1

B. Transportation, Circulation and Parking..... IV.B-1

C. Air Quality IV.C-1

D. Noise IV.D-1

E. Cultural Resources IV.E-1

F. Effects of Project Changes and Supplemental Information Other Topics
 Previously Analyzed in the Initial Study..... IV.F-1

V. ALTERNATIVES

A. Criteria for Selecting Alternatives..... V-1

 Selection of Alternatives Analyzed in the 1998 EIS/EIR..... V-1

 Selection of Alternatives for Analysis in this SEIR..... V-1

B. 1998 EIS/EIR Reuse Alternatives V-5

 Comparison of Impacts V-5

 Assessment of 1998 EIS/EIR Alternatives V-5

C. Analysis of Comparative Alternatives V-16

D. Suggested Alternatives Not Considered in this SEIR V-21

E. Environmentally Superior Alternative V-22

 Environmentally Superior Alternative: Residential Alternative..... V-22

VI.CEQA OVERVIEW AND GROWTH INDUCEMENT

A. Significant Unavoidable Impacts..... VI-1

B. Cumulative Impacts VI-4

C. Growth Inducement VI-5

D. Effects Found to Be Less Than Significant VI-6

VII. REPORT PREPARATION VII-1

Page

APPENDICES

A. Notice of Preparation (NOP) and Initial Study..... APP-A

B. Comments Received in Response to the NOP and Initial Study..... APP-B

C. Project Sponsor’s Draft Preliminary Oak Knoll Master Plan Zoning
Program APP-C

D. Oakland Interim Design Review Manual Figures Supporting Revised
Mitigation Measure AES-1 APP-D

E. Inventory of Plans and Drawings, Environmental and Technical
Studies Submitted with Planning Applications (Updated from Initial
Study)..... APP-E

F. Transportation Technical Documentation APP-F

G. Master List of Reference Citations Identified in the SEIR APP-G

H. Oakland Cumulative Growth Scenario and Foreseeable Future
Development Projects in the Area (2025) APP-H

I. CD Volume Containing the Following Relevant Background Reports and
Technical Studies:

- 1998 Environmental Impact Statement / Environmental Impact
Report for the Disposal and Reuse of the Oak Knoll Naval
Medical Center Oakland
- Oak Knoll Transportation Study, August 2007
- Oak Knoll Environmental Noise Assessment, August 2006
- Oak Knoll Historic Resources Inventory & Assessment Report,
October 2006
- Background Reports and Technical Studies Supporting the
Initial Study

..... *Inside Back Cover of Draft SEIR*

LIST OF FIGURES

III-1	Site Vicinity and Aerial Map	III-3
III-2	Oak Knoll Community Plan (February 2007)	III-4
III-3	Oak Knoll Master Plan (August 2007).....	III-5
III-4	Aerial Photo of Surrounding Land Use Pattern	III-9
III-5	Mass Grading and Vegetation Removal	III-20
III-6	Oak Knoll Master Plan Phasing	III-22
III-7	Oak Knoll General Plan Land Use Diagram and Zoning.....	III-24
IV-1	1998 EIS/EIR Maximum Capacity Alternative Plan.....	IV-7
IV.A-1	Aerial Photograph of Oak Knoll Site	IV.A-4
IV.A-2	Aesthetic Site Features (1998 EIS/EIR Exhibit)	IV.A-5
IV.A-3	Areas of the Eastern Ridge.....	IV.A-6
IV.A-4	Aerial Photo from South.....	IV.A-7
IV.A-5	Aerial Photo from West.....	IV.A-8
IV.A-6	Aerial Photo from East.....	IV.A-9
IV.A-7	Vantage Point Location Map.....	IV.A-43
IV.A-8 and IV.A-9	Photo Views A and B	IV.A-44
IV.A-10 and IV.A-11	Photo Views C and D.....	IV.A-45
IV.A-12 and IV.A-13	Photo Views E and F	IV.A-46
IV.A-14 and IV.A-15	Photo Views G and H	IV.A-47
IV.A-16 and IV.A-17	Photo Views I and J.....	IV.A-48
IV.A-18 and IV.A-19	Photo Views K and L	IV.A-49
IV.A-20 and IV.A-21	Photo Views M and N	IV.A-50
IV.A-22 and IV.A-23	Photo Views O and P.....	IV.A-51
IV.A-24 and IV.A-25	Photo Views Q and R	IV.A-52
IV.A-26 and IV.A-27	Photo Views S and T	IV.A-53
IV.A-28	Photo View U	IV.A-54
IV.A-29	Project Simulation from King Estate Open Space	IV.A-55
IV.A-30	Project Simulation from King Estate Open Space without Landscaping	IV.A-56
IV.A-31	Project Simulation from Leona Open Space Trail.....	IV.A-57
IV.A-32	Project Simulation from Keller Avenue, near Hansom Drive.....	IV.A-58
IV.A-33	Project Simulation of Eastern Ridge and Knoll from Keller Avenue	IV.A-59
IV.A-34	Mass Grading and Vegetation Removal	IV.A-60

Page**LIST OF FIGURES (cont.)**

IV.B-1	Study Area	IV.B-5
IV.B-2a	Existing Conditions Peak Hour Traffic Volumes.....	IV.B-10
IV.B-2b	Existing Conditions Peak Hour Traffic Volumes.....	IV.B-11
IV.B-3a	Existing Conditions Lane Configurations and Traffic Control.....	IV.B-12
IV.B-3b	Existing Conditions Lane Configurations and Traffic Control.....	IV.B-13
IV.B-4	Proposed Project Trip Distribution	IV.B-29
IV.B-5a	Project Trip Assignment.....	IV.B-30
IV.B-5b	Project Trip Assignment.....	IV.B-31
IV.B-6a	Existing Plus Project Peak Hour Traffic Volumes	IV.B-32
IV.B-6b	Existing Plus Project Peak Hour Traffic Volumes	IV.B-33
IV.B-7a	Cumulative Conditions Peak Hour Traffic Volumes	IV.B-48
IV.B-7b	Cumulative Conditions Peak Hour Traffic Volumes	IV.B-49
IV.B-8a	Cumulative Plus Project Peak Hour Traffic Volumes	IV.B-54
IV.B-8b	Cumulative Plus Project Peak Hour Traffic Volumes	IV.B-55
IV.D-1	Typical Estimated or Measured Noise Weekday Noise Levels (Ldn) at the Project Site.....	IV.D-23
IV.E-1	Club Knoll Structure (north and south elevations).....	IV.E-8
IV.E-2	Club Knoll Garage (north elevation).....	IV.E-9
V-1	Comparison of 1998 EIS/EIR Reuse Alternatives.....	V-8
V-2	Residential Alternative, 1998 EIS/EIR	V-14

LIST OF TABLES

II-1 Summary of Impacts, Mitigation Measures, and Residual Effects II-5

III-1 Required Permits and Approvals Anticipated for the Proposed Project III-27

IV-1 Comparison of Maximum Capacity Alternative and
Proposed Oak Knoll Project IV-8

IV.B-1 Level of Service on Area Freeway Mainline Segments in 2006 IV.B-3

IV.B-2 Definitions for Intersection Level of Service IV.B-7

IV.B-3 Ramp-Freeway Merge and Diverge Areas Level of Service Criteria..... IV.B-9

IV.B-4 Existing Intersection Level of Service and Delay IV.B-14

IV.B-5 Project Trip Generation Estimate IV.B-27

IV.B-6 Comparison of Trip Generation Estimates IV.B-27

IV.B-7 Intersection Levels of Service – Summary of “Existing Plus” Conditions IV.B-34

IV.B-8 Mitigated Intersection Levels of Service – Summary of “Existing Plus”
Conditions IV.B-46

IV.B-9 Intersection Levels of Service – Summary of “Cumulative Plus”
Conditions IV.B-50

IV.B-10 Mitigated Intersection Levels Of Service – Summary Of “Cumulative Plus”
Conditions IV.B-63

IV.B-11 freeway levels of service (LOS) and volume-to-capacity (v/c) ratio
Existing Conditions..... IV.B-65

IV.B-12 Freeway Levels of Service and Volume-to-Capacity Ratio – Cumulative
Conditions IV.B-67

IV.B-13 Are the Project’s Mitigation Measures Consistent with Those Identified in
the 1998 EIS/EIR? IV.B-69

IV.B-14 Summary of Proposed Parking Supply versus Code Requirement and
Estimated Peak Parking Demand IV.B-85

IV.C-1 Ambient Air Quality Standards and Bay Area Attainment Status IV.C-6

IV.C-2 Air Quality Data Summary (2001–2005) for the Project area..... IV.C-12

IV.C-3 Summary of Ozone Data for the San Francisco Bay Area Air Basin IV.C-13

IV.C-4 Estimated Daily Emissions and Net Increase over Existing and Pre-
closure Emission Levels for Proposed Project and 1998 EIS/EIR
Maximum Capacity Alternative IV.C-26

IV.C-5 Estimated Carbon Monoxide Concentrations Over Existing and Pre-
closure Conditions at Most Impacted Intersections in Project Vicinity,
for Proposed Project and 1998 EIS/EIR Maximum Capacity Alternative IV.C-32

IV.C-6 Oakland Community-wide GHG Emissions Summary - 2005 IV.C-43

IV.C-7 Estimated Emissions of Greenhouse Gases from Proposed Projects and
Citywide..... IV.C-59

Page**LIST OF TABLES (cont.)**

IV.D-1	Land Use Noise Compatibility Guidelines - State and City of Oakland	IV.D-6
IV.D-2	Maximum Allowable Receiving Noise Standards for Specified Land Uses, dBA (from Stationary Sources).....	IV.D-8
IV.D-3	Maximum Allowable Receiving Noise Standards for Temporary Construction or Demolition Activities, dBA.....	IV.D-9
IV.D-4	Project and Cumulative Traffic Noise Increase along Local Roadways in the Project Area	IV.D-14
IV.E-1	Historic Resources on the Project Site	IV.E-10
V-1	Summary of SEIR Project Alternatives	V-6
V-2	Comparison of Trip Generation Estimates	V-9
V-3	Significant Intersection Impacts Occurring with Alternatives.....	V-18
V-4	Significant Criteria Pollutant Emissions Occurring with Alternatives	V-19
V-5	Significant Roadway Noise Effects Occurring with Alternatives.....	V-20
V-6	Summary of Relative Impacts: Proposed Project and Alternatives	V-24
