

Citywide Zoning Update Residential Technical Advisory Group Comments

Residential Technical Advisory Group (TAG) Meeting #2

Date: Wednesday, April 29, 2009

Location: City Hall, Hearing Room 4

Time: 5:30 – 7:30 p.m.

Topic: Developing a Framework for the Residential Zones

Member: Naomi Schiff

Oakland Heritage Alliance would like to send in some comments on the Residential TAG issues. We will get them in by the end of the week.

We would like to reiterate that it would be great to get some responses to our previous comments, and to these which we will be submitting now, rather than fearing that our comments are just being filed somewhere. The reason we are putting these in writing is for clarity and so we don't omit important items. The meetings often are so pressed for time that it is difficult to make coherent comment.

We asked Eric Angstadt what happened to the idea of a historic-preservation-focussed session, and he indicated that he thought it would be fine to schedule something. It could deal with both residential and commercial issues, we think. Can we discuss an agenda for such a meeting?

It would be great to schedule that meeting soon, and set it far enough in advance that we can round up those who would be interested from both the residential and the commercial groups.

Thanks so much for all the work you are doing. We know it is a big undertaking, and we appreciate your dedication.
