WORKSHEET

NAME: _____

Do you have any comments regarding proposed height limits in specific locations in the City's commercial areas and corridors? *Please be as specific as possible in describing location, reason for concerns and conditions particular to the specific location.*

Example
The height limit on *Oakland Street* between *California Way* and *Sacramento Avenue* is too *low/high*, because _____.

Criteria for Determination of Height

- Quality of transit
- Street right-of-way width
- "Grow and Change" or "Maintain and Enhance" in General Plan
- Historic importance of commercial/corridor areas
- Existing height limit on corridor
- Existing height limit in adjacent areas
- Solar access to parks and other public spaces
- Opportunity sites at intersections
- Other site-specific conditions
