

I. INTRODUCTION

A. PURPOSE OF THE RESPONSE TO COMMENTS DOCUMENT

This document has been prepared to respond to comments received on the Draft Environmental Impact Report (Draft EIR) prepared for the proposed Bentley School Major Conditional Use Permit (Project). The Draft EIR identifies the likely environmental consequences associated with implementation of the proposed Project. This Response to Comments (RTC) Document provides responses to comments on the Draft EIR and makes revisions to the Draft EIR, as necessary, in response to those comments or to clarify or revise material in the Draft EIR. This document, together with the Draft EIR, constitutes the Final EIR for the proposed Project.

B. ENVIRONMENTAL REVIEW PROCESS

According to the California Environmental Quality Act (CEQA), lead agencies are required to consult with public agencies having jurisdiction over a proposed project and to provide the general public with an opportunity to comment on the Draft EIR.

The City of Oakland circulated a Notice of Preparation (NOP) on April 27, 2007 notifying responsible agencies and interested parties that an EIR would be prepared for the project and indicating the environmental topics anticipated to be addressed. Comments received by the City on the NOP were taken into account during preparation of the Draft EIR. Additionally, a public scoping session was held as a public meeting before the Planning Commission on May 16, 2007. Comments received by the City on the NOP and at the public scoping meeting were taken into account during the preparation of the Draft EIR.

The Draft EIR was made available for public review on October 28, 2008 and distributed to applicable local and State agencies. The public was notified of the availability of the Draft EIR through direct mailings and through an announcement posted on the City's website. Copies of the Draft EIR were made available at the City of Oakland and on the City's website.

The CEQA-mandated 45-day public comment period ended on December 11, 2008. The City also held a hearing with the Planning Commission during the comment period, on December 3, 2008. The public provided verbal comments at this meeting. All written and verbal comments received on the Draft EIR during the 45-day public comment period are contained in this RTC Document.
