

Essex Environmental, Inc.

**ENVIRONMENTAL COMPLIANCE STATUS REPORT**  
**City of Oakland – Leona Quarry**

<b>Date:</b>	October 14th, 2005; 9:30 a.m. – 11:00 a.m.	
<b>Inspector:</b>	Vanessa Loverti (Essex Environmental)	<i>Vanessa Loverti</i>
<b>Weather:</b>	Fog, approximately 68 degrees Fahrenheit, and winds approximately 0 to 5 mph.	

**ACTIVITY:** Whipsnake Fence Inspection

Inspected the entire continuous line of fence in the Ridgemont Basin as well as the two separate fences along Campus Drive. Overall the fencing complied with the requirements of the project's Special Status Mitigation and Monitoring Plan. Construction in the Ridgemont Basin is essentially complete. The slopes have been stabilized, hydro-seeded and erosion control materials area in place.

Two small holes were patched on the northern fence line on Campus Drive.

**ACTIVITY:** Communication

Spoke with Bill Martin (WRA) regarding the removal of fence in the Ridgemont Basin. We are in agreement that the fence in this area can be removed and that the upper fence should remain until heavy equipment and earth moving activities have ceased. Activities in these areas should be complete by the end of October.
